

WENATCHEE HIGH SCHOOL VOLLEYBALL FUNDRAISER

Hello potential sponsor,

Wenatchee Volleyball is in the process of fundraising for a variety of items needed for the program. These items include, but not limited to, facility updates (new nets & poles system for all 5 courts), summer tournaments, and new balls & ball carts.

Our facilities have not been updated in a few decades now and would be a huge help in increasing safety for the athletes. These facility updates would be used by all 4 teams in the program & would benefit so many athletes for years to come. The new update would include a carbon pole system which is extremely light which will help with safety when the athletes are setting up nets, and studier which will improve use during practices and games.

While we pride ourselves on our accomplishments, we know it's the dedication & work ethic in practices and the off season that brings true success on and off the court. With that being said we have a summer packed full of camps, practices, and tournaments to help us prepare for the upcoming season. Although they are well worth the experience and practice, these camps and tournaments do come at a cost.

We are looking for businesses or individuals who are willing to be a program sponsor. We have 3 options for sponsors:

1. **Donation:** you can donate at the link any amount.
2. **Program Sponsor:** \$500 minimum and will include an advertisement of your business on our scores table at our home matches throughout the whole next season.
3. **Table Sponsor:** \$250 minimum. Panthers are hosting an auction dinner on March 1st, 2024 and are allowing table sponsors. If you choose this option we will dedicate a table at the dinner with your logo for advertising. This is NOT buying a table- just sponsorship.

We truly appreciate all the support from our community & hope to see you in the stands next season! GO PANTHERS!
